

IN THE CLAIMS:

After the heading ad before claim 1, please insert the following paragraph:

(New) What is claimed is:

The following list of claims will replace all prior versions of claims in the above captioned application.

Listing of Claims

- Claim 1. (Currently Amended) ~~Beverage~~ A beverage can with an upper can collar (13) surrounding a can opening closed by a closing member (16), characterized by a drinking cap (20) to be claimed onto the can collar (13) and having a drinking opening (24).
- Claim 2. (Original) The beverage can of claim 1, wherein the drinking cap (20) includes an additional chamber (30).
- Claim 3. (Original) The beverage can of claim 2, wherein the additional container (30) is set into the drinking opening (24) of the drinking cap (20) in a clamping manner, filling the drinking opening.
- Claim 4. (Currently Amended) The beverage can of claim 2 ~~or 3~~, wherein the additional container (30) has a tear-open cover wall (34).
- Claim 5. (Currently Amended) The beverage can of ~~one of claims 2-4~~ claim 2, wherein the additional container (30) has a flange-like rim (33) extending laterally beyond the edge of the drinking opening (24) of the drinking cap (20).
- Claim 6. (Currently Amended) The beverage can of ~~one of claims 1-5~~ claim 1, wherein the drinking cap (20) comprises a funnel (25) to be supported on the top wall (14) of the beverage can, the funnel guiding liquid from the can opening to the drinking opening (24).

- Claim 7. (Original) The beverage can of claim 6, wherein the funnel (25) has a funnel opening (26) at the lower end that contacts the can opening with form fit.
- Claim 8. (Currently Amended) The beverage can of claim 6 ~~or 7~~, wherein the funnel opening (26) is narrower than the can opening.
- Claim 9. (Currently Amended) The beverage can of ~~one of claims 1-8~~ claim 1, wherein the drinking cap (20) has a circumferential wall (21) with an inner bead (22) snapping behind the can collar (13).
- Claim 10. (New) The beverage can of claim 3, wherein the additional container (30) has a tear-open cover wall (34).
- Claim 11. (New) The beverage can of claim 7, wherein the funnel opening (26) is narrower than the can opening.
